Welcome to Ed

Our robust connected teaching and learning environment is the best way to hit the ground running and get students learning on grade level and beyond. Imagine a streamlined school day with one place for assigning work, tracking assignments, and viewing assessment results—available from anywhere!

The screenshot shows the Ed dashboard interface. At the top, there is a navigation bar with the HMH logo and the word 'Ed'. Below the navigation bar, there are five numbered callouts (1-5) pointing to navigation items: Dashboard, My Classes, Discover, Reports, and Teacher's Corner. The main content area displays a welcome message: 'Welcome back, Jaiden!' with the date 'Today is Friday, July 30, 2021'. Below the welcome message, there is a section for 'Your Messages (2)' containing two messages: 'EasySync Rostering API Compatible with PowerSchool' and 'HMH Ed™ supports Canvas and Schoology LMS'. At the bottom, there is an 'Assignments Overview' section with three columns: 'Due Today' (Total Pending 0), 'Needs Grading' (Total Submissions 0), and 'Overdue'.

1 Dashboard
View actionable call outs as soon as you log in, including whether student work needs grading or is overdue.

2 My Classes
Manage your classes and assignments, create groups, and schedule virtual classroom sessions.

3 Discover
Quickly access content, search program resources, and view customized lessons, assessments, and items.

4 Reports
View class and student performance data via the Assessment, Standards, Growth, and Program Activity Reports

5 Teacher's Corner
Access an ever-growing library of on-demand resources for your HMH programs. Plus, build community via live events and the **[HMH Facebook community](#)**.

GO BACK TO MENU

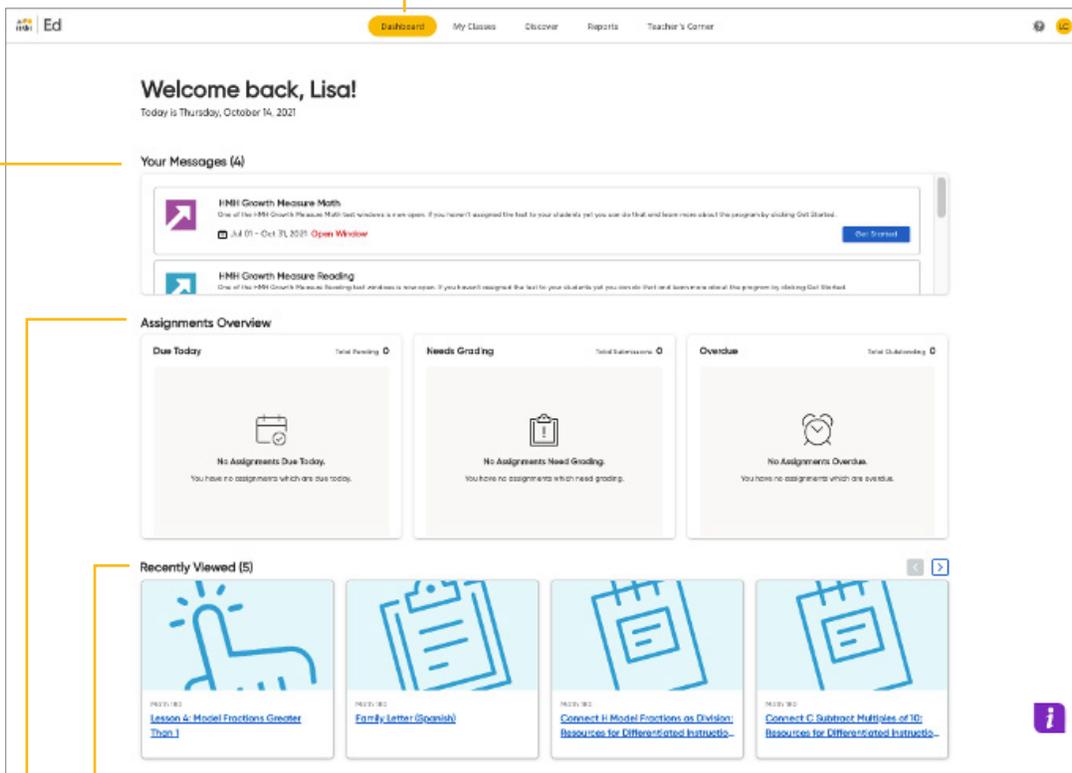

Check Your Dashboard

The **Teacher's Dashboard** displays at-a-glance call outs to the most important information and items that require action, including assignments that need grading and platform updates.

Your Messages

View important platform announcements and updates.

Discover Your Content

The **Discover** tab allows teachers to select each *HMH Math 180* Series, Block Lessons, and Topic resources as well as browse content by standards.

Connected Solutions

Access *Math 180* Student Software, HMH Growth Measure and other connected solutions such as *Waggle* or *Into Math*. See **Page 10**.

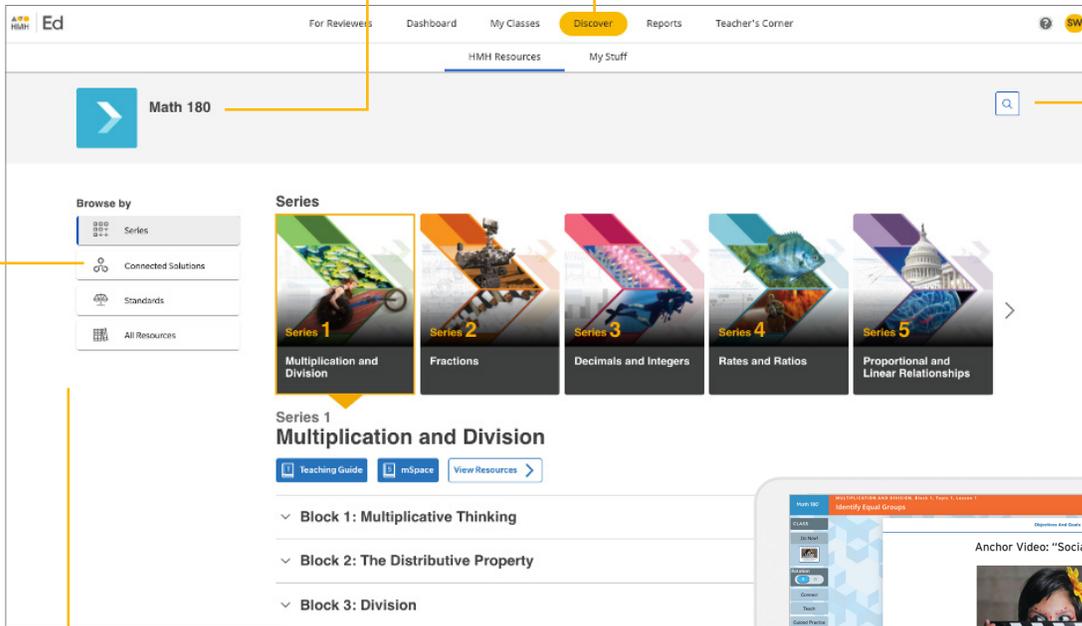

Select a Program

Locate the specific programs associated with your classes.

Search Feature

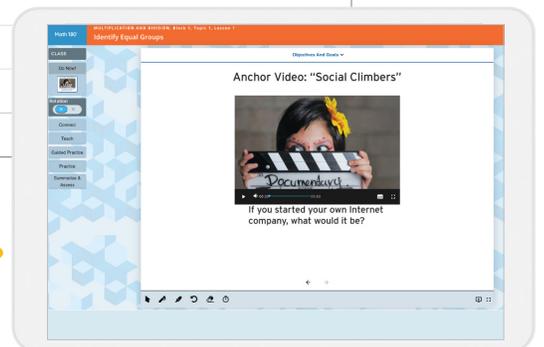

Quickly find content by Standard.

★ You Are Here

Dig Deeper

Select *HMH Math 180* from the Program Drop-Down Menu, click on All Resources, then click Teacher Display Tools. Browse the **Teacher Display Tools** that are aligned to each Block, Topic and Lesson. These interactive tools help guide through Do Now!, Connect, Teach, Guided Practice, Practice and Summarize with an Exit Ticket.

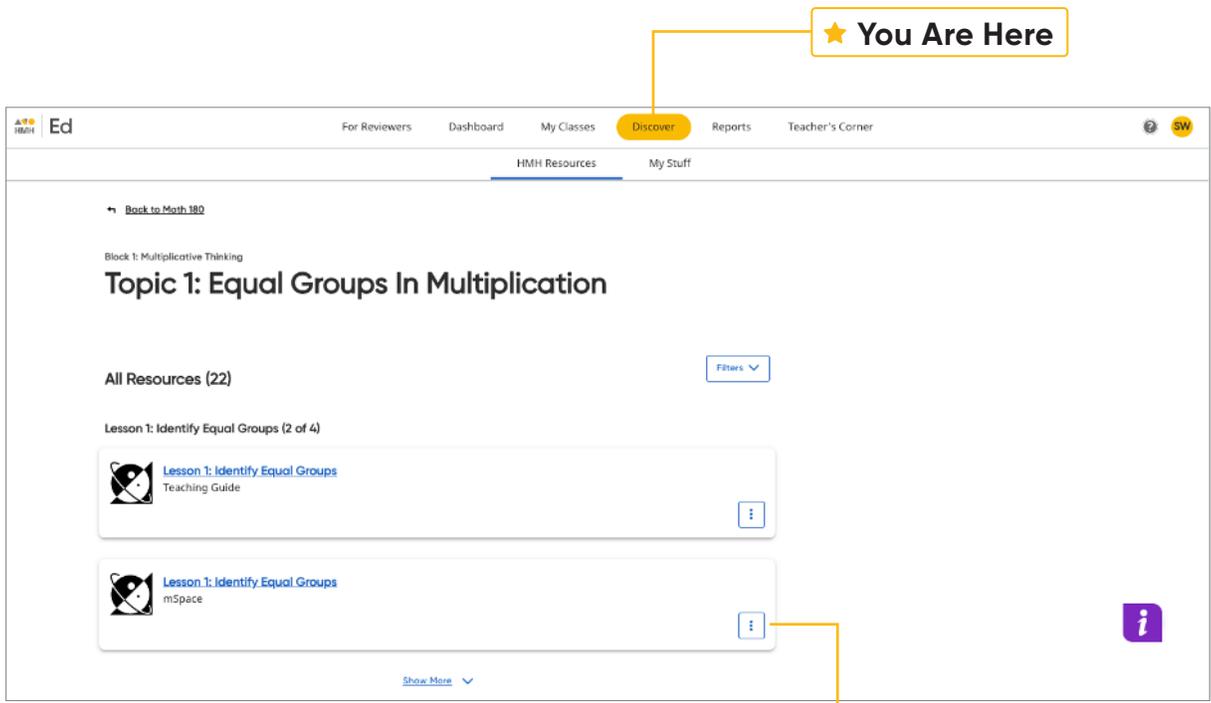

Teacher Display Tool

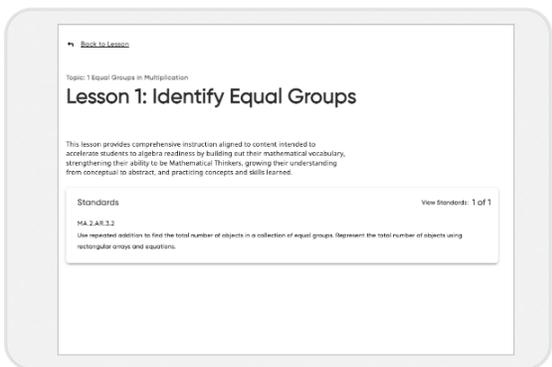

GO BACK TO MENU

View Resource Categories and Details

In the **HMH Resources** section, resources for each topic are organized into meaningful categories and accompanied by learning objectives that support previewing.

★ You Are Here

 Dig Deeper

Click on the ellipsis icon next to a resource to view additional details, including Standards.

GO BACK TO MENU

Assign Content

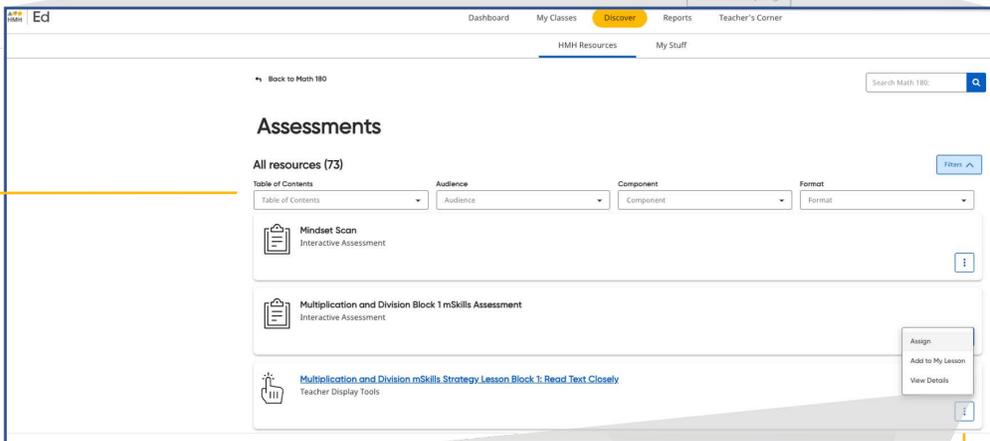

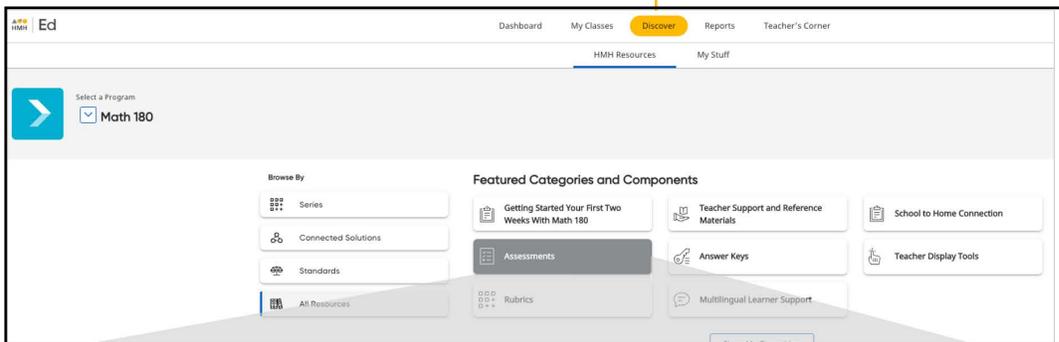

On the **Discover** tab teachers can easily add resources to lesson plans and assign resources by program, block, lesson, topic or standards to an entire class, a group of students, or individual students.

Pro Tip

Use the filters to find resources and content quickly.

★ You Are Here

Assign the resource. Assignments appear in the Student Dashboard.

Add to My Lessons to add the resource to a lesson plan you have created.

View Details to see a synopsis of the Lesson.

Dig Deeper

Create Assignment

by personalizing details for Availability, Due Date, and assign specific Classes or Groups.

The 'Create Assignment' dialog box includes the following fields and options:

- Assignment Details:** Assignment Name* (Multiplication and Division Block 1 mSkills Assessment), Directions (with a 500 character limit).
- Availability and Due Date:** Start Date* (08/11/2022), Start Time (HH, MM, AM), Due Date* (08/18/2022), End Time (HH, MM, AM). A checkbox for 'No Student Submission after Due Date/End Time' is present.
- Assignees:** A note that some classes and groups will not appear if not associated with the program. View By (Classes, Groups) and Filter By (All Classes).
- Select the Class(es) you wish to assign to:** Second Period ID, Third Class 001.

 Buttons for 'Cancel' and 'Assign' are at the bottom.

GO BACK TO MENU

Interactive Digital mSpace

On the **Discover** tab teachers can easily add students to Interactive mSpace, on Ed only. This engaging all digital mSpace workbook provides students an easy way to play videos, flip between worked out examples, create visuals to represent their math, check their work, and more.

Pro Tip Students will be able to view the Interactive mSpace in their assignments, once the teacher has assigned it.

★ **You Are Here**

Open Lesson to visit the next page.

Open Filters tab to see new filters.

Continue to the next page for more Interactive mSpace insights.

GO BACK TO MENU

The screenshot shows the 'Ed' platform interface for 'Topic 1: Equal Groups In Multiplication'. A dropdown menu for the 'Component' filter is open, showing a list of options. The 'mSpace Interactive' option is selected with a blue checkmark. A blue 'Apply' button is visible at the bottom right of the dropdown menu. A yellow callout line points from the 'Component' dropdown menu to the text 'Click the Component drop down menu.' Another yellow callout line points from the 'mSpace Interactive' option to the text 'Check mark the mSpace Interactive box.' A third yellow callout line points from the 'Apply' button to the text 'Click Apply.'

Click the Component drop down menu.

Check mark the mSpace Interactive box.

Click Apply.

The screenshot shows the 'Ed' platform interface after filtering resources. The 'Component' filter is set to 'mSpace Interactive', and the 'Active Filters' section shows 'mSpace Interactive' with a close button. The 'Filtered resources (5)' section displays two lessons: 'Lesson 1: Identify Equal Groups (1)' and 'Lesson 2: Interpret Products (1)'. Each lesson card includes a document icon, the lesson title, and the format 'mSpace Interactive'. A three-dot menu icon is visible in the bottom right corner of each lesson card. A yellow callout line points from the three-dot menu icon to the 'Dig Deeper' section below.

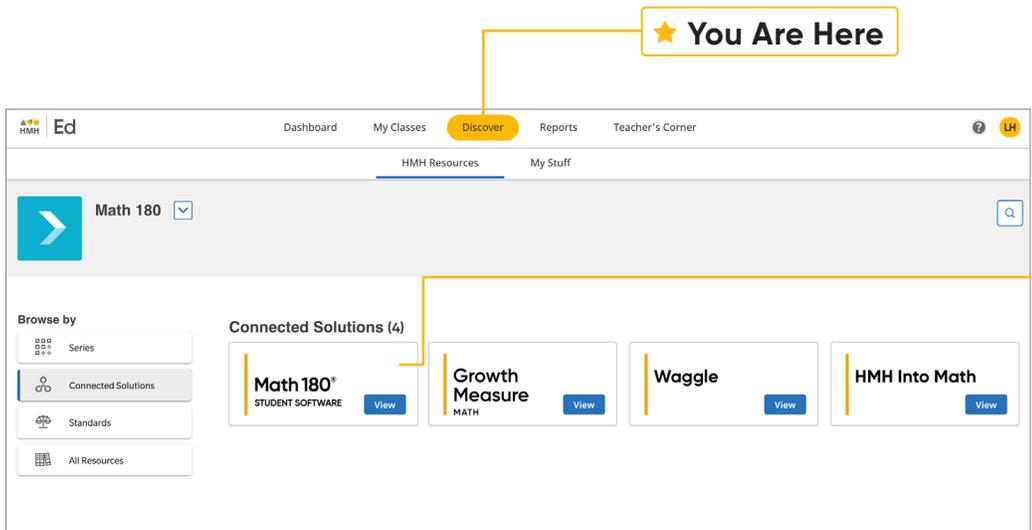

Dig Deeper

Click the 3 dots to quickly View Details, Add to your lessons, Assign to an Individual Class or Students, or Open content.

GO BACK TO MENU

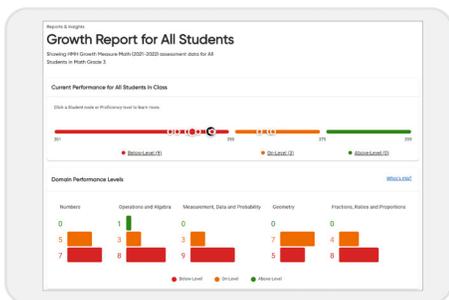

Connect with HMH Solutions

The **Connected Solutions** page on the Discover tab gives teachers digital options for additional content to support student growth.

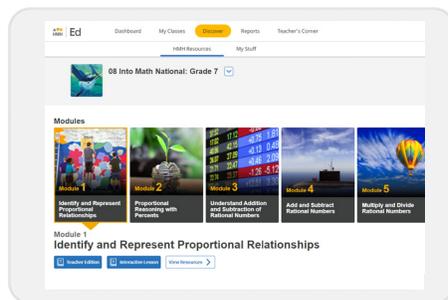

Pro Tip

View Student Software
Click "view" to open and review what your students see within the Student Software.

HMH Growth Measure connects teachers and students to differentiated content that drives student growth.

HMH Into Math Designed from the ground up, *Into Math* is the only Grades K–12 solution built to monitor, predict, and propel growth for each and every student.

Waggle provides video-game style personalized skills-based practice and instruction with embedded support and ongoing dynamic assessment.

GO BACK TO MENU

Use Data to Inform Instruction

The **Reports** tab provides student performance data and access to critical information for teachers.

Growth Report shows your class Growth Measure results. Once students complete the Growth Measure, you can view students' scaled scores and performance levels for the testing window, class averages, and individual results.

★ You Are Here

The screenshot displays the HMH Ed Reports interface. At the top, there are navigation tabs: Dashboard, My Classes, Discover, Reports (highlighted), and Teacher's Corner. A sidebar on the left contains report options: Assessment Report, Standards Report, Growth Report (selected), and Program Activity Report. The main content area is titled "Reports & Insights" and "Growth Report for All Students". It shows the assessment data for "All Students" in "13(A-E)-Math - 5th Grade-731262". Filters for Class, Assessment, Test Level, and Test Window are visible. Below the filters, there is a "Current Performance for All Students in Class" section with a score range from 500 to 599 and a legend for performance levels: Far Below Level (0), Below Level (4), Approaching (10), On Level (7), and Above Level (2). The "Domain Performance Levels" section shows a bar chart for five domains: Numbers, Operations and Algebra, Measurement, Data and Probability, Geometry, and Fractions, Ratios and Proportions. The legend for domain performance levels is: Far Below Level (red), Below Level (orange), Approaching (yellow), On Level (green), and Above Level (blue).
